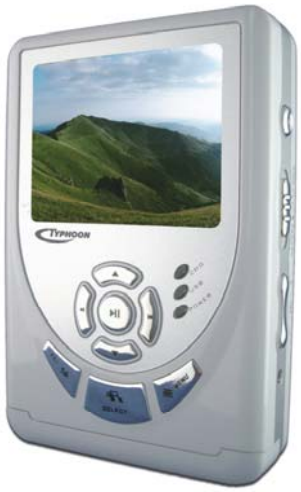
- Image Browser Viewing DSC: Still pictures
- JPEG standard support EXIF 2.2
- Decoding JPEG format up to 16.0M Pixel.
- Audio Player Playing music MP3 Decoder (MPEG I layer 3)



- Sampling frequencies: 32, 44.1, 48kHz
- ID3 Tag: ver 1.x and higher
- Hardware specifications
- CPU: TI-DSC25 CPU ARM7 40MHz, DSP C5409A 100MHz
- Display: 2.5" TFT 59.9x50.4x4.5mm LED Type
- Viewer area: 49.2x 38.142mm
- Number of dot: 480(W) x 234(H)
- Color: R,G,B delta
- Storage Slot: Memory card CF type I and II, Micro Drive,
- Connector: Headphone/AV out -3.5d stereo headphone, 5mW (16ohms) max
- 3.5d jack to RCA audio left/right and video
- NTSC/PAL can be select or auto switching
- USB 2.0 Mini-USB for connect to PC
- Power input 3.5d barrel jack
- Hold/Record switch 5 way buttons Navigate for file menus
- Audio output: Frequency responses 20Hz to 20KHz
- Signal to noise: >90dB
- Harmonic distortion output: <0.05%
- Alert indicators: USB LED, Power LED, Battery LED
- Battery and Power supply: Recharge Li-ION Battery life beyond 2.5 hours Capacity at least 3.75V/2100mAh
- Charging circuit Internal built-in
- Power supply Switching 100-240V 50-60Hz
- Remote control: IR remote control

System requirements

- Intel® Pentium® III or later
- 64Meg of system RAM or more
- Windows® 98 SE / ME / 2000 / XP or later
- USB v1.1 port or Host
- CD-ROM drive for Windows® 98 SE installation
- Microsoft Direct X 9.0 or above
- Microsoft Media Player 7.0 or above
